Albero
Parke

about us

Albero Parquet was established in 1994 and operates under Paksoy Art Proje Construction company, which is a part of Paksoy Holding. Leveraging its extensive knowledge and experience in the construction sector, Albero Parquet maintains its pioneering position with product designs and application techniques developed by engineers and architects.

With a wide range of products produced in technological facilities in America, Europe, and the Far East, and having undergone quality and control tests, Albero Parquet is a significant engineered flooring distributor in Europe and Asia with a ready-polished product stock of 150,000 square meters.

Albero Parquet aims to maintain customer satisfaction at the highest level by ordering only ready-stock products to prevent any possible problems arising from natural materials. Thanks to this approach, we meet our customers' needs perfectly by delivering our popular products on the same day.
